Hitch	Pintle or 5th Wheel	2 5/16" ball
Axles	Tandem	None
Suspension	Rubber Torsion	None
Wheels	17 1/2"	None
Brakes	Electric Brakes	None
Cycle Time	<b>30 Seconds</b>	<b>30 Seconds</b>
Hydraulic Pressure	2,150 psi	2,150 psi
Diesel	35HP Isuzu	35HP Isuzu
Electric	25HP	25 HP

The Eagle Truck tire baler, ETB 80, was designed with a larger compression chamber to bale whole truck tires, reduce volume, reduce fire hazard, and to provide added benefits of transporting truck tires to processing stations.

The Eagle Truck Tire Baler offers several important features that are of significant value to the safety and efficient operation of the machine. Due to the efficiency of the Tire Baler's hydraulic system we are able to utilize less horsepower to generate the required system pressure; this in turn saves you money.

ETB80 Truck Tire Bale size produced: 45" x 54" x 77"
